

Third-Party Services

Effective: September 16, 2024

SmartCP, a division and brand owned by SmartAction.io Sp. z o.o., works with third-party service providers to support our website and software products. These providers help us deliver, maintain, and enhance our offerings by providing essential services such as hosting, data storage, and analytics. We are committed to ensuring that all third-party service providers we use adhere to strict data protection standards in line with the General Data Protection Regulation (GDPR).

Third-Party Hosting Providers

When SmartCP offers services, we use trusted third-party service providers to host our software, provide data storage, and perform data analytics. Below is a list of these providers and the locations of their data centers:

Product Name/Service	Third-Party Provider	Data Center Location
SmartCP Logistics	OVHcloud	France (EU)
SmartCP Human Resources	OVHcloud	France (EU)
Data Storage and Backups	OVHcloud	Germany (EU)

We continuously review our partnerships to ensure that they meet our data protection standards and provide the necessary safeguards to protect your personal data. If you have any questions about our third-party service providers or how your data is handled, please contact us at info@smartcp.org.
